

Washington Association Medical Staff Services

Values

Education – Supporting continuous learning of individual members to enhance their organizations and WAMSS.

Collaboration – Working together individually and through WAMSS communication tools to develop an engaged and valued workforce for our institutions.

Leadership – Providing opportunities to develop each member's leadership potential through development and leadership opportunities within the organization.

(Approved by the WAMSS Board, October 7, 2016)

Vision

Continually improve the quality and safety of patient care through medical staff professionals and related fields within Washington State

Mission

To promote education and collaboration by uniting persons who are engaged in medical staff, provider credentialing and enrollment, privileging, accreditation and regulatory compliance, and other diverse healthcare activities in Washington State

(Approved by the WAMSS Board, October 7, 2016)
