**Knowledge + Skill + Execution = COMPETENCE**

**KNOWLEDGE + SKILL + EXECUTION = COMPETENCE**

**KNOWLEDGE + SKILL + EXECUTION = COMPETENCE**

# PARALLELS IN PAYER ENROLLMENT AND CREDENTIALING PROCESSES

- Credentialing Professionals  
– *Gatekeepers of Quality Patient Care*
- Payer Enrollment Professionals  
– *Gatekeepers of Revenue*

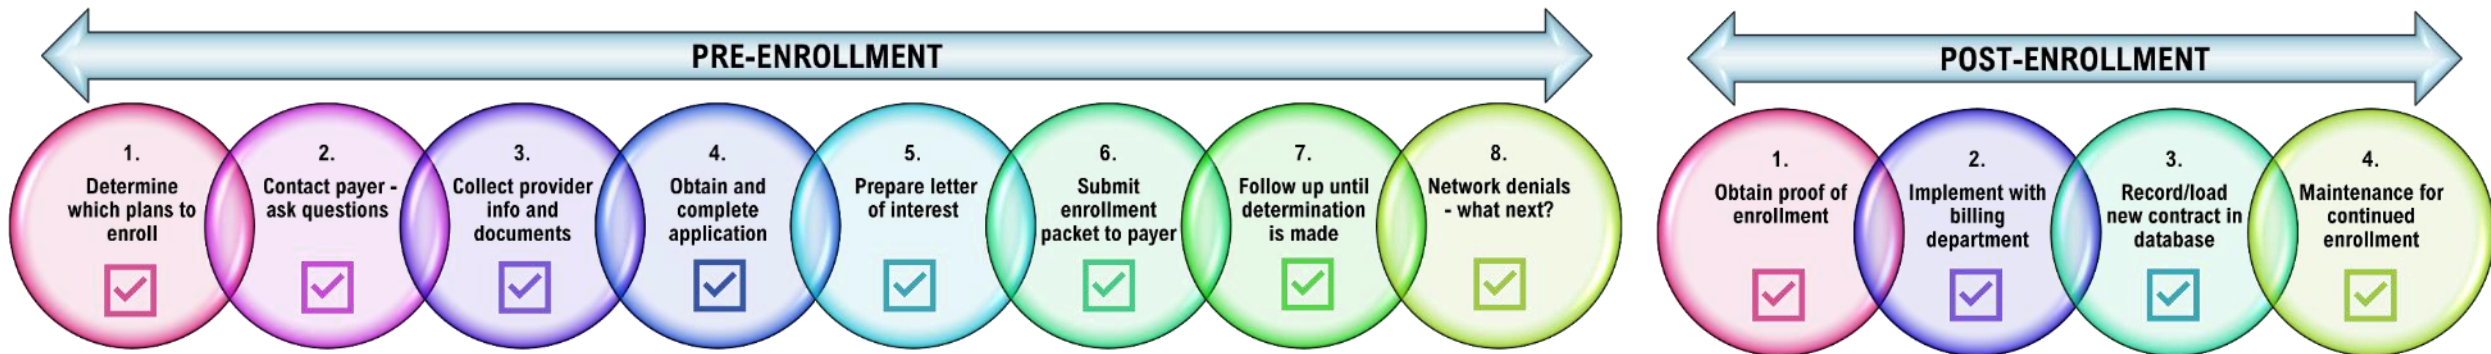

# Unique Functions

- Payer Enrollment Specific

- Which Plans?
- Verify current process/application with payer
- Letter of Interest (NEW Relationships)
- Payer Decision & Date
- Network Enrollment Denials/Issues
- Proof of Enrollment (Documentation from Payer)
- Keep Contract, Requirements, and Needed Documentation Current

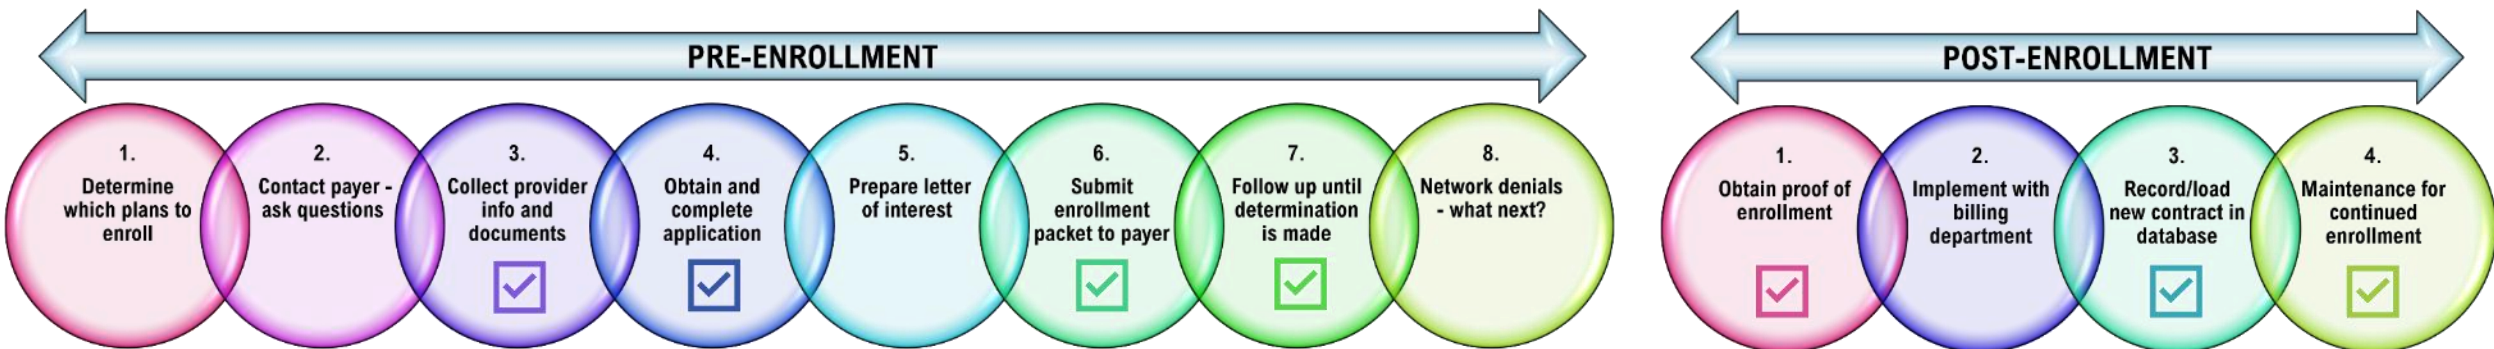

- Credentialing Specific:

- Which Hospital?
- Accreditation Body?
- Governance Documents?
- Privileges?
- Meets Criteria?
- Services that are part of Medical Staff Strategic Plan?

# Shared Functions

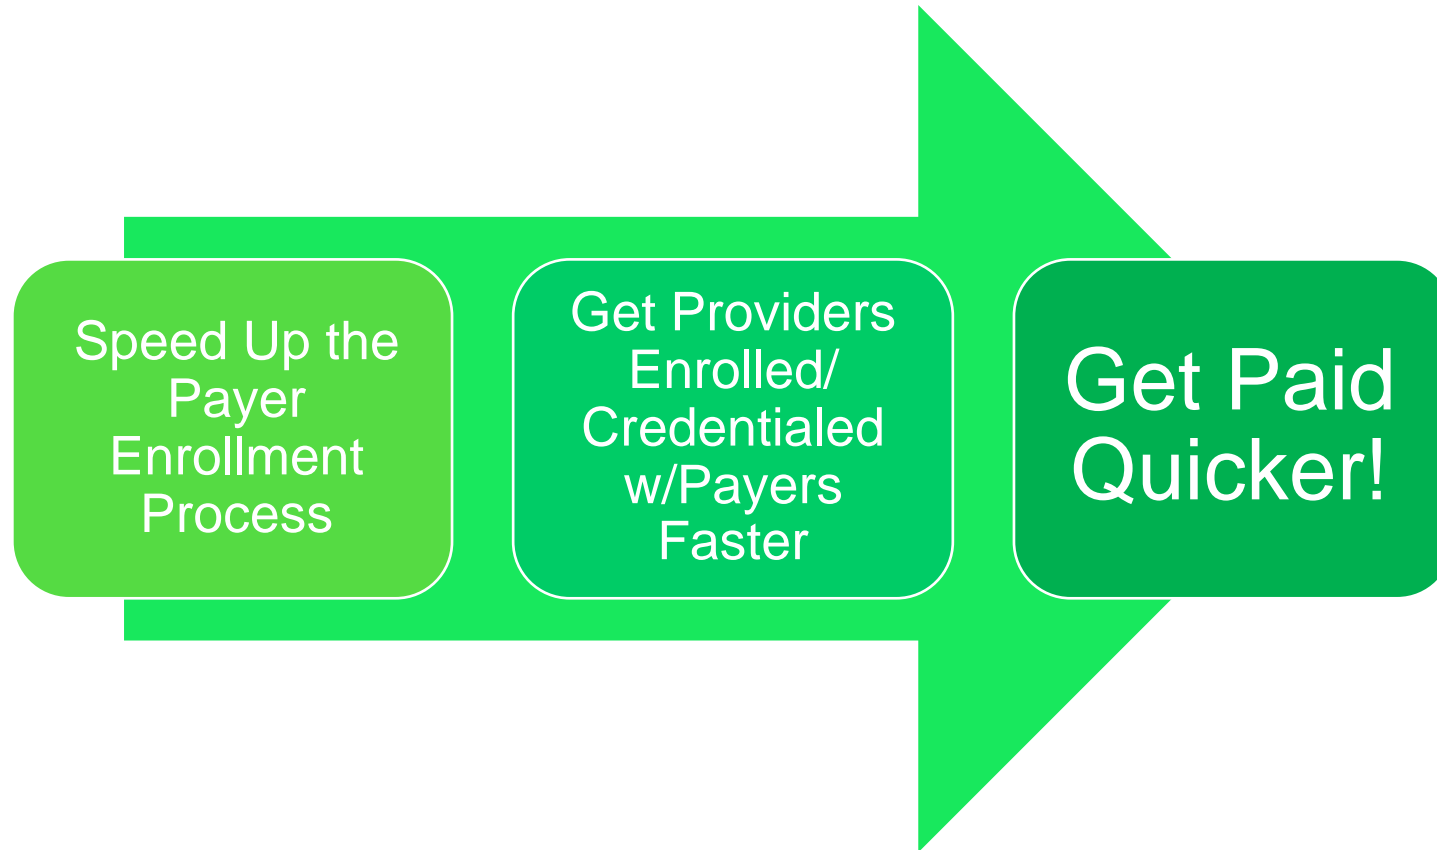

- Collecting Information & Documentation from Practitioner/Provider.
- Overseeing Details to Determine that a COMPLETE Application is obtained.
- Conducting Appropriate Follow-Up.
- Submitting Application for Review & Approval.
- Obtaining PROOF that a Practitioner/Provider has been approved including approval date.
- Maintaining Membership/Enrollment.
- Providing Excellent Customer Service.

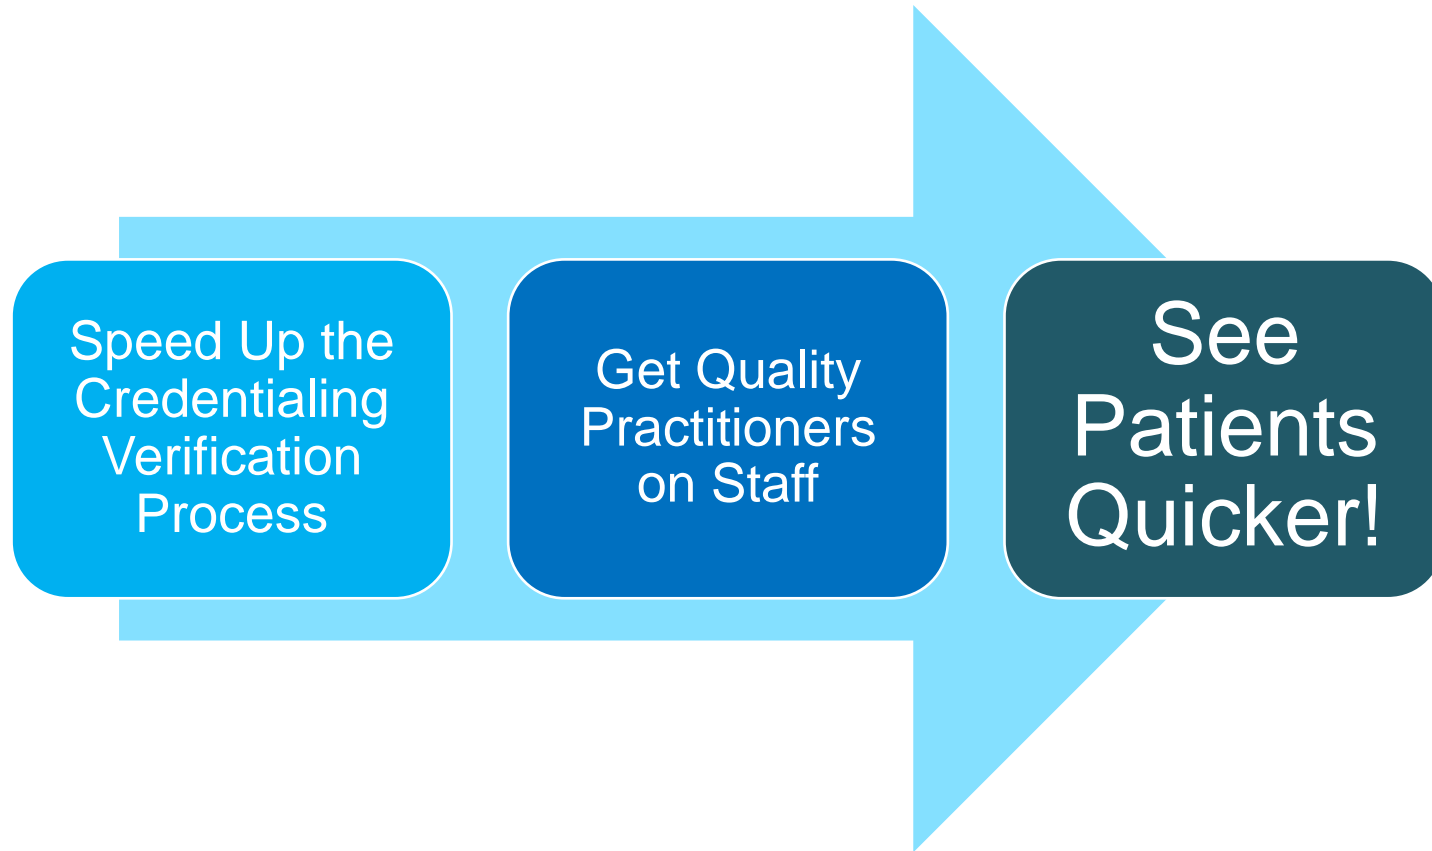

# The Bottom Line

# Payer Enrollment Goal

# Credentialing Goal

## REASONS TO MERGE CREDENTIALING AND PAYER ENROLLMENT FUNCTIONS

COLLABORATE  
TO DO  
GREAT

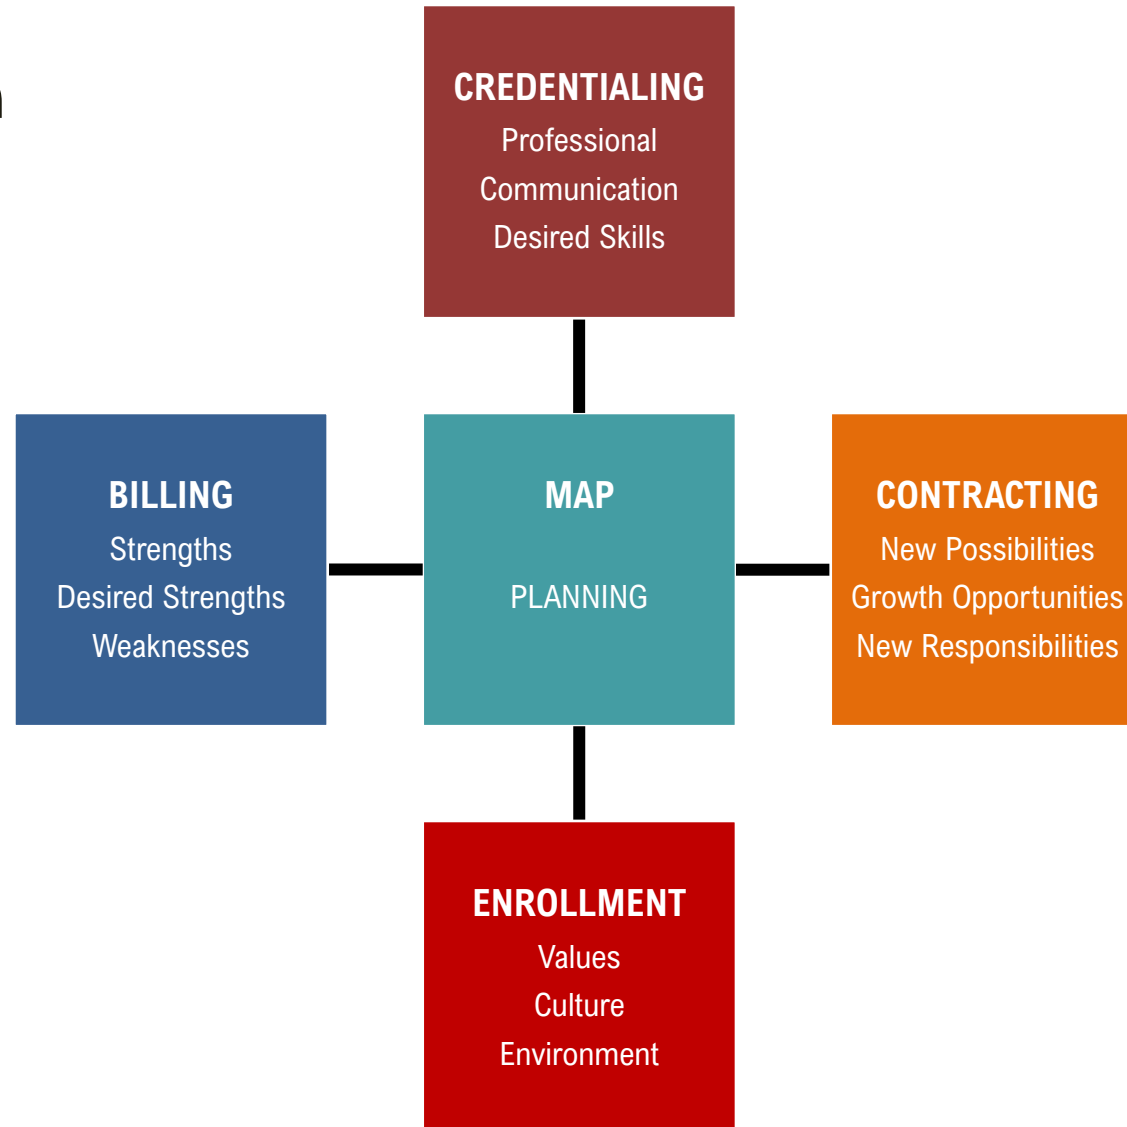

# Opportunities for Collaboration

- The similarities are abundant and reducing the duplicative efforts will greatly increase:
  - Satisfaction
  - Turnaround Times from Provider to Facility
  - Process Maps will be easier to manage
  - Collaborative efforts across organization

## Create an Implementation Plan

- Required outcomes
  - Targets
- Desired outcomes
  - Flexibility
- Establish roles
  - Strategies
  - Resources
  - Tracking
  - Reporting

# An Implementation Plan is Key

## Non-Negotiables

- Credentialing
- Payer Enrollment
- Contracting
- Billing \$\$

## Flexible

- Credentialing
- Payer Enrollment
- Contracting
- Billing \$\$

# Share the Lanes

- Involve other departments as needed
  - IT
  - Recruiting
  - Operations
- “Share the Lane”
  - Collaboration is key for success.
  - Empower the champion to get the identified outcome.
  - Share new ideas and goals — “buy-in” helps gain momentum in change management.

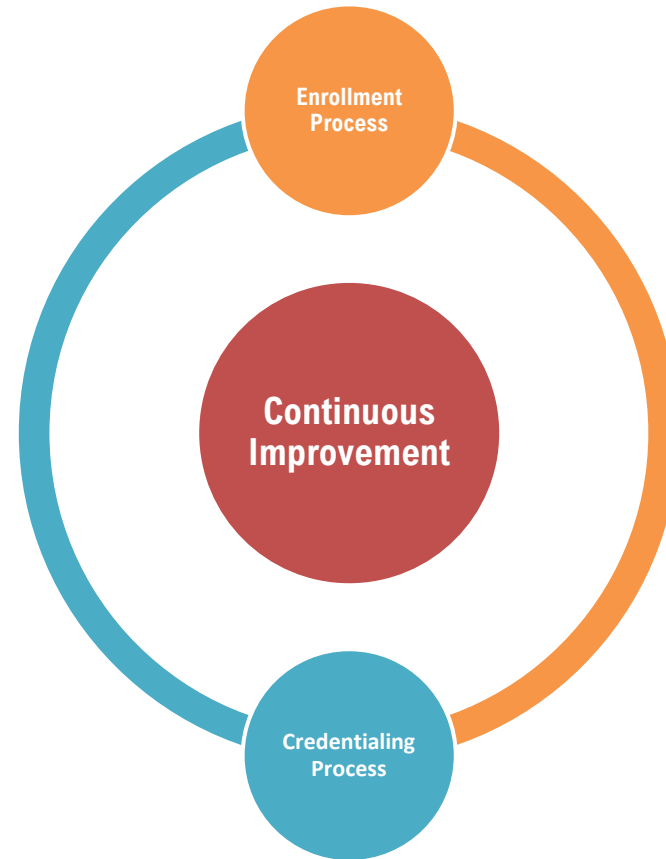

- Data Management/Data Governance
- Sharing of Data
- Software
- Use Case Studies for System-Sharing
- Integration

# Combine Enrollment & Credentialing

- Combine the Credentialing/Enrollment Processes within your organization(s).
- Reduce Duplication of *Everything*:
  - Forms – verifications – signatures
- Primary Source Verifications
- Provider Satisfaction
- Financial Savings

- Delegated Credentialing
  - Provider/Practitioner Satisfaction
  - Reduces Work for All Stakeholders
  - Improves Efficiencies
- Audits
  - Internal
  - External
- Cross-Training
- Sharing of Resources

## Payer Enrollment

- Stages **IN** your control and **NOT** in your control
  1. Receiving the request for enrollment through sending information to provider(s)/group. **(IN YOUR CONTROL)**
  2. Provider completing review/signatures through receipt of application/ documentation by enrollment team. **(NOT IN YOUR CONTROL)**
  3. Review of application for completeness to NEXT STEP. **(IN YOUR CONTROL)**
    - Back to #2
    - Proceed to #4
  4. Payer receipt of completed application to approval **(NOT IN YOUR CONTROL)**
    - During this phase, issues should be tracked for learning opportunities and to establish patterns.
    - Know and monitor payer contracted expectations and legislation for compliance.

## Credentialing

- Stages **IN** your control and **NOT** in your control
  1. Receiving the request from the applicant or recruitment. **(NOT IN YOUR CONTROL)**
  2. Submitting the portal link or application/reapplication to practitioner. **(IN YOUR CONTROL)**
  3. Practitioner submitting a complete application/reapplication. **(NOT IN YOUR CONTROL)**
  4. Conducting verifications & investigating red flags. **(IN YOUR CONTROL)**
  5. Preparing complete file for Client and/or MSL (Medical Staff Leader) evaluation and recommendation. **(IN YOUR CONTROL)**
  6. File evaluated and recommendation made to approval bodies. **(NOT IN YOUR CONTROL)**
  7. Notification to applicant/reapplicant of final action. **(IN YOUR CONTROL)**

# Collaboration Results in Success

STEPS OF THE  
PRE-ENROLLMENT PROCESS AND  
THE FOUR STEPS OF THE  
POST-ENROLLMENT PROCESS

## HOW TO STREAMLINE THE ENROLLMENT PROCESS

# Payer Enrollment Process Model

**Provider  
Enrollment**

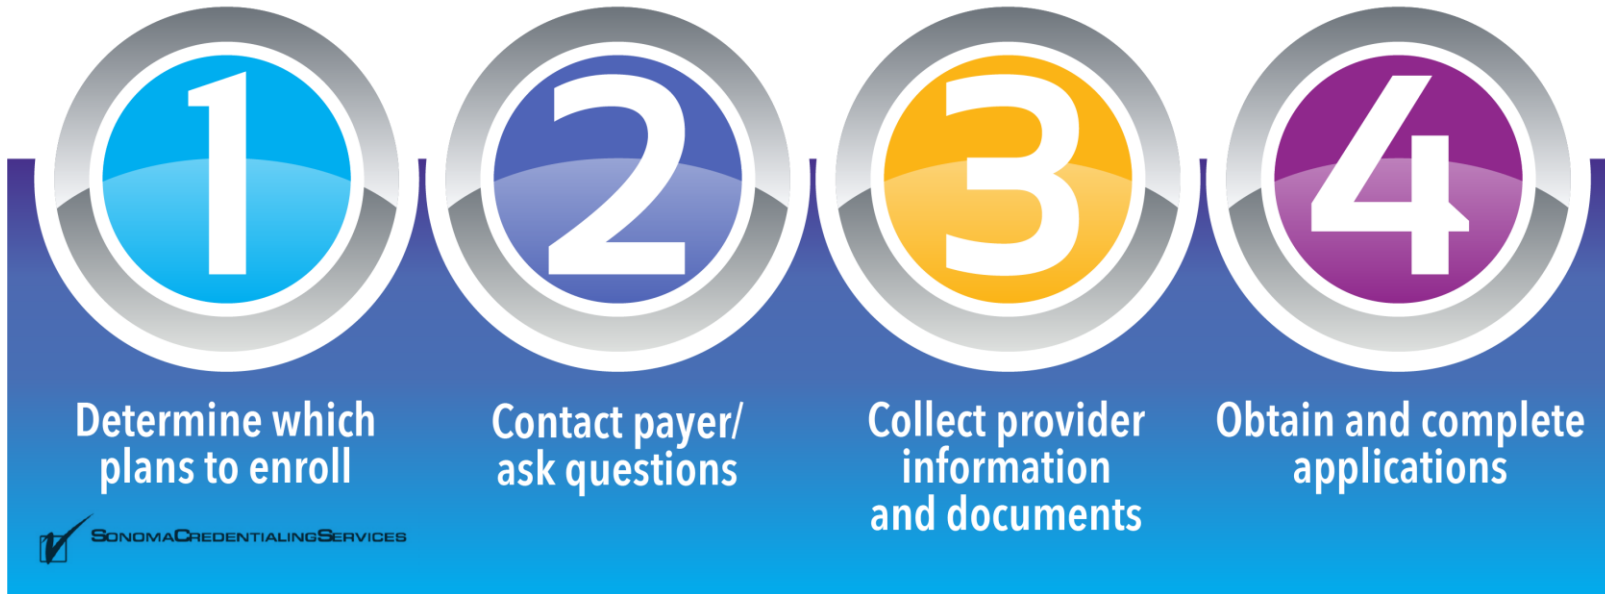

Enrollment = Two Steps

# Provider Enrollment

What is the process?

## PRE-ENROLLMENT

- Setting the stage for the Enrollment process to begin
- How do we know which plans to enroll? Method to the madness?
  - Payer Mix (Mixture of Health Plan Payer Plans accepted at your organization)
  - Existing List? Similar Practices in Area?
  - Plans you are interested in participating from own personal experiences?
  - Word of Mouth from friends, colleagues, patients?

- Research is completed — begin to build your plan of action — Playbook!!!
- Contact the payers and ask questions:
  - How can my provider become a participating provider with your health plan?
  - Always speak to the Network Representative/Contract Department — they are the department who builds the relationship with the Provider to the Plan.
  - Contract > Negotiation, if able > Credentialing > Contract Loading > Effective Date
  - New providers who have NEVER participated with a health plan are generally NOT able to back date any earlier than the first Credentials Committee Approval date.
  - Record the process; make a playbook to keep reference materials since the process will be the same for most of your provider types.

- **Collecting the Documents from the Provider**
  - Application materials/Health Plan Specific Enrollment Items
  - Gathering the Standard “Top 10”.
  - Provider Demographics
  - CAQH
  - Licenses (best practice — request ALL states ever held)
  - DEA Registrations & CDS Registrations, if your state requires
  - Board Certifications or Diplomas (if Board Certifications are not available)
  - Malpractice Insurance & General Liability Insurance (If Applicable)
  - Curriculum Vitae/Resume
  - State Specific Application materials (Disclosure Questions etc.)
  - Hospital Requirements (Depending on Health Plans/Service Areas)

**Provider  
enrollment**

What is the process?

## PRE-ENROLLMENT

Prepare letter  
of interest

Submit enrollment  
packet to payer

Follow up until  
decision is made

Network denials—  
what next?

- **Prepare Letter of Interest to Plan**
  - This comes in many formats — Application, Form, Written Letter on Organization Letterhead, Portal Request
  - Network Departments Review requests to join ...
    - Network Adequacy
    - Access to Patients
    - Competition in Area
    - Need for Specialty/Provider Type
- Some plans will notify the applicant when approved — others begin process to contract & credential.

- **Submit the Application**
  - CAQH is most widely used nowadays.
  - Health Plan Portals
  - Plans are slowly moving away from paper applications/mail/fax.
- **Follow Up — every 2 weeks at least!**
- **Its understandable plans have a 30 days first wait time — still follow up in 2 weeks.**
- **IT IS VERY VERY VERY COMMON — applications get lost — EVEN WITH TRACKING NUMBERS.**

# Payer Enrollment Process Model

What is the process?

## POST-ENROLLMENT

Obtain proof of enrollment

Implement with billing department

Record/load new contract in database

Maintenance for continued enrollment

# Post Enrollment Process

- How much time has passed — 30, 60, 90, 120, 180, 240, 270, 360?????
- FINALLY, your provider received a WELCOME LETTER to the network.
- Check with plan — Welcome Letter will state effective date of contract OR may say, will come under separate cover.
- EFFECTIVE DATE — the day the health plan will begin to honor charges.
- Communicate this date with your Billing/Revenue Cycle department — it will get entered into their claims processing software so any edits will know what to do based on the effective date.

## POWER THOUGHT

“In order to stay relevant, you have to stay open to new trends and keep educating yourself. You have to keep evolving.”

- Natalie Massenet
